Education

Software Development Engineering
UNADM – Professional ID: 11165568
GPA: 97.37%
I was elected by UNADM University to give the valedictorian speech at the graduation ceremony. I also received my degree from Rodolfo Tuirán, Under Secretary of Higher Education for Mexico's Secretariat of Public Education (SEP). This ceremony was covered by national media, such as Televisa News and La Jornada newspaper. [3] [4]

Experience
HEALTHCARE DATA PROGRAMMER
Optumus, LLC
March 2020 - Present

Optumus is an American company headquartered in Boston, Massachusetts. It specializes in developing software for American hospitals.
Software development (Healthcare Industry).
React, Angular, SQL Server, AthenaHealth Centricity.
In 2023, the company opened an office in Mexico City, through which they offer Call Center services to increase the staff of their clients (American hospitals). For this office, I develop applications using the Microsoft environment:
PowerApps, Dataverse, Power Automate, Flow.
